# L172 Worksheet 1 — Handwritten reflection

Information, Entropy and Intelligence

Print this form, write **by hand**, then either scan or photograph clearly and upload as a **separate PDF**, or hand in a paper copy at the start of lecture 2. Do **not** type the reflection. Do **not** write your name or CRSid.

| **Candidate number** | **Date** |
| --- | --- |
| _____ | _____ |

**Prompt** (up to about 300 words; use the lined pages):

- What did the exchange teach you about the history of the word *entropy*?
- What did you learn about the model's way of presenting information?
- How does this relate to the course material as you understand it?
- Was this approach useful in developing your understanding of the topic, or were there other techniques you used?

Upload as `L172_<CRSid>_worksheet1_reflection.pdf` (or hand in a paper copy). Dialogue file is separate: `L172_<CRSid>_worksheet1_dialogue.md`.
